

Cal OES Daily Situation Report

June 8, 2022

CAL FIRE conducted another prescribed burn, this time at San Andreas Lake Dam, where 5 acres was burned to remove vegetation that could compromise the integrity of the earthen dam, maintain access for inspections and monitoring, and providing live fire training for firefighters, hand crews and SFPUC watershed staff.

Report Prepared by
California State Warning Center

SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Summer Excessive Heat Conditions Preparation:

The California Governor's Office of Emergency Services, in partnership with the National Weather Service, is closely monitoring potential excessive heat conditions that will warrant activation of Phase II/III of the state's Extreme Temperature Response Plan. Please review your local response plan in preparation for an extreme heat event as we enter the summer months.

May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

June 2022, Summit of the Americas, City and County of Los Angeles

On 06/06/22 to 06/10/22 the 2022 Summit of the Americas is taking place in the City and County of Los Angeles.

- Convening of international leaders from North, South, and Central America, and the Caribbean.
- Cal OES Southern Region staff will monitor and support the City and County of Los Angeles throughout the event.

Activations

- Los Angeles County, Level 2 (Hybrid), 1000 – 2200 hours
- City of Los Angeles, Level 3 (Virtual/Hybrid), 1000 – 2200 hours

Deployments

- 1 Cal OES Southern Region Senior Emergency Services Coordinator (SESC) - City/County of Los Angeles EOC (Virtual)

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/01/22 at 1630 hours:

- 8,955,662 total confirmed cases.
 - 102,164 Delta
- 90,719 total deaths.
 - 231 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Risk Levels	Little to None	Minor		Moderate	Major		Extreme

Weather Key Points

Regional Operations Center

Western Region

Wednesday, June 8

- Temperatures will steadily warm for the majority of the state through late week and the weekend
 - High temperatures across the inland southern deserts will range from 105 to 115 degrees many days, while readings across the Central Valley peak in the 100 to 105 degree range on Friday
 - Moderate to high heat risk impacts are likely for many areas of the state, with the hottest temperatures and greatest impacts occurring Thursday through Saturday
- Locally breezy conditions will be persistent in and around many mountain and foothill locations through the weekend, bringing periods of locally elevated fire weather conditions. Winds will become a little more gusty and widespread for the weekend and may result in some local critical fire weather conditions
- Mainly dry weather will occur statewide through early next week, though showers and even a few thunderstorms are possible across northern California later Saturday into Sunday

Precipitation Forecast

Regional Operations Center

Western Region

Wednesday, June 8

Dry conditions are expected through Friday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

Heat Risk

Regional Operations Center

Western Region

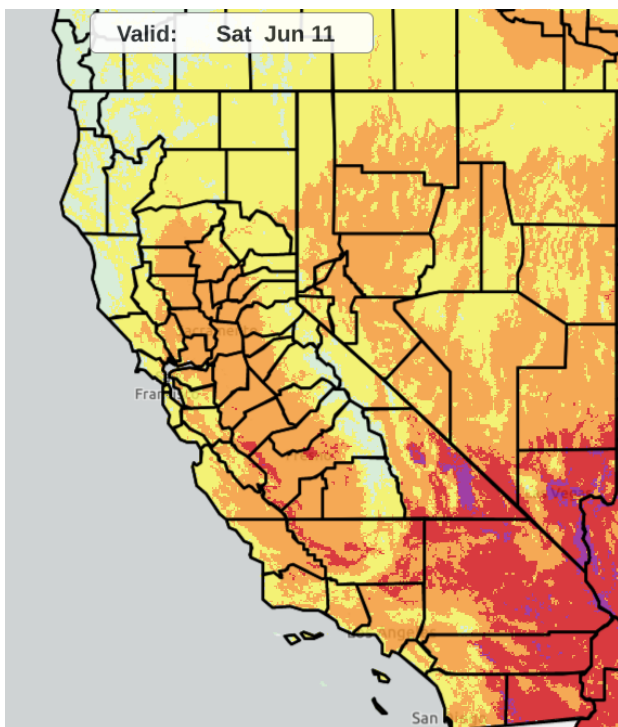

Wednesday, June 8

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Wednesday, June 8

6-10 Day Outlook (June 13 - June 17)

Temperatures

- Above normal temperatures are favored to continue across central and southern California, with near normal temperatures favored across the north

Precipitation

- Near normal precipitation is favored for the majority of the state

8-14 Day Outlook (June 15 – June 21)

Temperatures

- Below normal temperatures are favored across far northern California, with above normal temperatures favored across the south

Precipitation

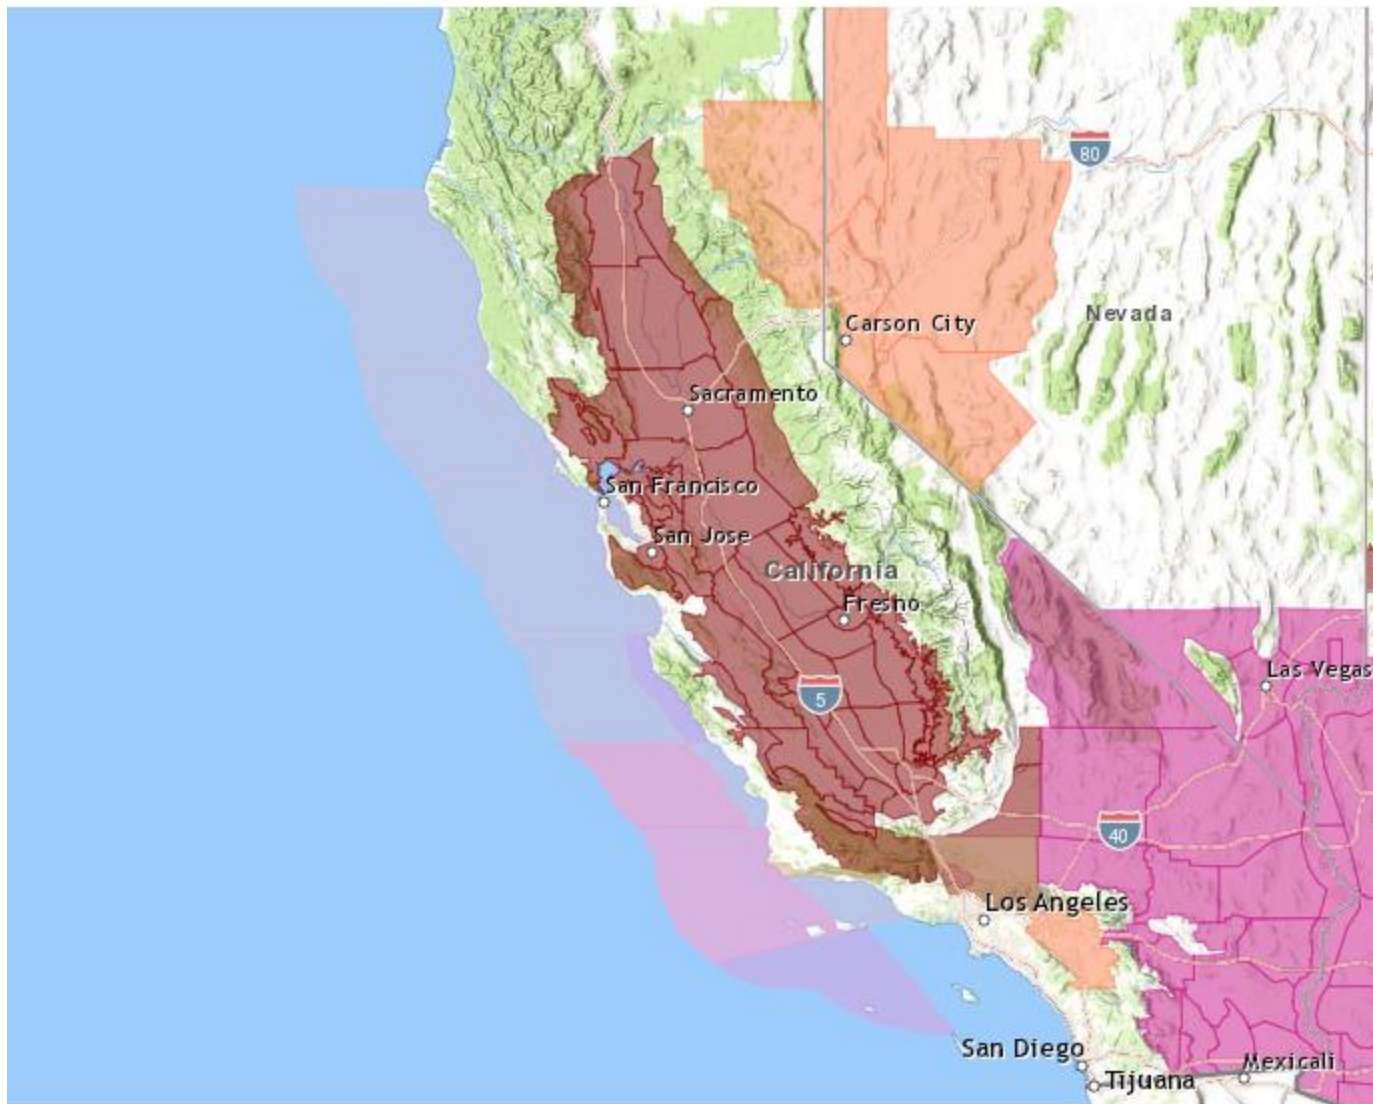

- Near normal precipitation is again favored for most areas except for far northern California where above normal precipitation is favored

Impact Level Definition

1. **Impactful weather is not expected.**
2. **Potential threat to lives and property if no/incorrect actions are taken.**
 - a. Localized impacts on commerce possible.
 - b. Includes events that occur frequently.
3. **Potential threat to lives and property if no/incorrect actions are taken.**
 - a. Impacts on commerce possible.
 - b. Includes events that occur a few times per year.
4. **Actions likely needed to save lives and/or property.**
 - a. Significant impacts to commerce possible.
 - b. Includes events that occur infrequently.
5. **Actions required to save lives and/or property.**
 - a. Significant and extended impacts to commerce.
 - b. Includes exceptionally rare events.

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-78960, 06/07/22, 1452 hours:** The AFRCC reported a PLB activation at coordinates: 34.206705 Long -117.121155, plotting to a residential area in Running Springs, San Bernardino County. The device registration contained only the R/O's name but no address. LDO briefed San Bernardino County Sheriff's Dept (SBSD) who initiated a response. **Update, 1610 hours:** LDO received a call from the responding Deputy who checked the neighborhood but could locate no one in distress and cleared. AFRCC concurred to close the mission. LDO later checked back with AFRCC who stated it had gone into a 'no detect' status. **Update, 2222 hours:** the device once again activated for a single pass then went into 'no detect' again. LDO did not initiate a response on this activation. **MISSION CLOSED.**
- **2022-LAW-78934, 06/07/22, 1000 hours:** The IERCC reported an inReach activation at coordinates 39.074056 Long -120.234740, plotting to the Tahoe Rim Trail (Part of the PCT), South of Barker Pass Road. The R/O of the device messaged that he was alone and suffered a serious leg injury and couldn't walk. LDO notified Placer County Sheriff's Office (PCSO) who initiated a SAR response. **Update, 1147 hours:** PCSO advised LDO that the call was being handled by Cal Fire Rescue out of Grass Valley. **Update, 1230 hours:** Per Cal Fire, the R/O was airlifted to Tahoe Forest Hospital in Truckee for further evaluation and care. **MISSION CLOSED.**
- **2022-LAW-78930, 06/07/22, 0959 hours:** The IERCC reported an inReach activation at coordinates LAT 33.487144 , LONG -116.568160 plotting to the Pacific Crest Trail, approx.. ½ mile North of Coyote Canyon Road. The R/O of the device messaged that he was out of water, severely dehydrated and alone on the trail. LDO briefed the Riverside County Sheriff's Dept., who initiated a SAR response. **Update, 1330 hours:** Riverside SO SAR advised the R/O was airlifted out of the area to a ranger station. **MISSION CLOSED**
- **2022-LAW-78814, 06/01/22 at 0900 hours:** Nevada County Sheriff (NCSO) contacted the LDO and requested two side scan sonar equipped boats to search for one missing male in Scotts Flat Lake in Nevada County. IC and launching are at the Scott's Flat Lake gate #2 launch ramp, 2333 Scott Flats Road, Nevada City, CA. Butte Sheriff and Yuba Sheriff are both responding with one boat each with side scan sonar with an eta of 1400 hours. At 1726 hours, NCSO is requesting an additional boat with a towable sonar array and a C3 K9. LDO contacted Santa Clara Sheriff Office who will provide the additional boat with towable sonar array starting 06/02/22 at 0800. WOOF was unable to provide the C3 K9 team due to a schedule conflict. **Update, 06/02/22, 1655 hours:** NCSO advising MP was not located and all mutual aid resources have been released. NCSO is not requesting any additional assistance and will continue the search with in-county resources only. **Update, Mission Reopened 06/02/22, 1750 hours:** NCSO has not located the MP and is requesting a Water/HRD K9 team for an operational period on Monday, 06/06/22, with a 0800 briefing. Cal OES LEB coordinating the response. WOOF has accepted the mission and is coordinating with NCSO's IC. **Update, 06/07/22:** The K9's have completed their mission and been released. Search efforts continue with the side scan sonar resources. **Update, 06/08/22:** Per NCSO, all mutual aid resources have been released. Search efforts will continue with local resources. **MISSION CLOSED.**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
